Tutorial		
Small Group		
Large Group		

Describe today's most significant experience.

NOTE: Please enter the number of observations, performances with assistance and performances unassisted for each procedure.

Neonatal Critical Care

Patient Data				Suction Procedures			
Procedures	Obs.	Perf. w/assis	Perf. unasst.	Procedures	Obs.	Perf. w/assis	Perf. unasst.
Vital Signs				Bulb Suctioning			
Chest Assessment				Endotracheal Suctioning			
Patient Assessment				Nasotracheal Suctioning			
X-ray Interpretation				Tracheal Suctioning			
				In-Line Suctioning			
Oxygen Therapy				Endotracheal Tube/Tracheostomy Care			
Nasal CPAP				Securing Artificial Airway			
Oxygen Hood				Tracheostomy Care			
Nasal Cannula				Cuff Management			
Pulse Oximetry				Extubation			
TcPO ₂ /TcPO ₂							
Aerosol Drug Administration				Ventilatory Care			
Resuscitator				Ventilator Setup			
SVN via Blowby				Routine Ventilator Check			
In-line MDI				Ventilator Circuit Change			
In-line SVN				Surfactant Administration			
Bronchial Hygiene Therapy				Weaning from Mechanical Ventilation			
Chest Physiotherapy				Weaning Modes			
Resuscitation				Patient Transports			
Setup & Ventilation via Endotracheal Tube				Manual Ventilation during Transport			
Setup & Ventilation via Mask				Transport Ventilator Setup			
Newborn Assessment / Resuscitation							
Neonatal CPR							

Neonatal Diagnostics

Blood Gases							
Procedures	Obs.	Perf. w/assis	Perf. unasst.	Procedures	Obs.	Perf. w/assis	Perf. unasst.
CBG Sampling				UAC Sampling			

Preceptor Evaluation

Yes	No
-----	----

Name of Preceptor:

Is the Preceptor helpful?

--	--

Is the Preceptor courteous?

--	--

Does this Preceptor have time to help you?
