Physician Contact	Time	Brief Description of the activity including Physician name.
Patient Focused		
Tutorial		
Small Group		
Large Group		

Describe today's most significant experience

NOTE: Please enter the number of observation, performances with assistance, and performances unassisted for each procedure.

Pediatric Floor Therapies

Patient Data				Aerosol & Humidity Therapy			
Procedures	Obs.	w/asst.	unasst.	Procedures	Obs.	w/asst.	unasst.
Vital Signs				Aerosol / Oxygen Tent			
Chest Assessment				Face Mask			
Patient Assessment				Trach Collar			
X-ray Interpretation				Ultrasonic Nebulizer			
				Oxygen Adaptor			
Oxygen Therapy				Aerosol Drug Administration			
Oxygen Hood				Metered Dose Inhaler			
Nasal Cannula				Dry Powder Inhaler			
Simple Mask				Small Volume Nebulizer			
Non-Rebreather				Hyperinflation Therapy			
Air Entrainment Mask				Incentive Spirometry			
Pulse Oximetry				Bronchial Hygiene Therapy			
Transport with Oxygen				Chest Physiotherapy			
				Mucous Clearance Adjuncts			
				Percussive Ventilation			

Pediatric Critical Care

Resuscitation				Ventilatory Care			
Procedures	Obs.	Perf. w/asst.	Perf. unasst.	Procedures	Obs.	Perf. w/asst.	Perf. unasst.
Setup & Ventilation via Endotracheal Tube				Ventilator Setup			
Setup & Ventilation via Mask				Routine Ventilator Check			
Pediatric CPR Ventilation				Ventilator Circuit Change			
Pediatric CPR Compressions							

Suction Procedures			
Procedures	Obs.	w/asst.	unasst.
Bulb Suction			
Endotracheal Suctioning			
Nasotracheal Suctioning			
Tracheal Suctioning			
In-Line Suctioning			
Endotracheal Tube/Tracheostomy Care			
Securing Artificial Airway			
Tracheostomy Care			
Cuff Management			
Extubation			
Patient Transports			
Manual Ventilation during Transport			
Setup			

Aerosol Drug Administration			
Procedures	Obs.	w/asst.	unasst.
In-Line MDI			
In-Line SVN			
SPAG			
In-Line USN			
Weaning from Mechanical Ventilation			
Weaning Modes			
Noninvasive Positive Pressure Ventilation			
NIPPV Setup			
NIPPV Check			
ICU Performance Level			
Pediatric ICU			

Peidatric Diagnostics							
Pulmonary Function Testing				Pulmonary Testing			
Procedures	Obs.	Perf. w/asst.	Perf. unasst.	Procedures	Obs.	Perf. w/asst.	Perf. unasst.
Peak Flow				Bronchoscopy			
Function Test				Infant Sleep Study			
Spirometry				Pediatric Sleep Study			
Exercise Induced Asthma Test							
Methacholine Challenge				Radiology Testing			
Nitrogen Washout				Computed Tomography Scan			
Helium Dilution				Imaging			
Diffusion Study							
Plethysmography				Cardiology Testing			
Arterial Blood Gases				Electrocardiography			
Sampling				Cardiac Catheterization			
ABG Sampling				Echocardiography			
ABG Analysis							

Preceptor Evaluation Yes No

--	--

Name of Preceptor:

Is the Preceptor helpful?

--	--

Is the Preceptor courteous?

--	--

Does this Preceptor have time to help you?
